Hip Hop by Tippi Toes®

Hip Hop by Tippi Toes® is the perfect class for boys and girls, Grades K-3, who want to learn hip hop, stay active and learn how to freestyle! This class focuses on rhythm, musicality and basic footwork. Students will develop coordination and body awareness as well as build self-esteem and confidence in this fun, exciting and energetic class.

Our Hip Hop class is a faster pace and begins with a high energy warm-up and stretch sequence and then quickly moves into learning hip hop choreography. We do our best to provide as many freestyle opportunities for students to showcase their own personal moves and bring their personal style to class!
